Dear Parents,

Your student has shown interest a VAPA Focus Group. Students meeting all academic and behavior expectations are eligible for small group VAPA group meetings for artistic instruction and enrichment.

The Visual and Performing Arts Focus Groups meet on Mondays for 45 minutes during regular class time and take some of the basic concepts taught in general VAPA classes to a deeper level. These sessions will include some opportunities for small group performances or presentations.

Please sign below to indicate your permission for your student to attend a VAPA Focus Group. This privilege can be rescinded at any time if any academic or behavior challenges arise in any class. We look forward to seeing your student in this exciting new program!

I give my student (print student name) _____
permission to attend a VAPA Focus Group on Mondays when all the above expectations
are met. (Parent Signature)

Please return to your student's homeroom teacher by 8/23/18. Many thanks from the VAPA team! :)
